

# Designed for Workplace Testing

NOBODY ~~DOES IT~~ BETTER THAN LIFELOC  
INNOVATES

## Phoenix 6.0

The Phoenix 6.0 is the leader of Lifeloc's family of evidential testers. It is the most sophisticated, yet easy to use evidential instrument on the market.

Exclusive to Lifeloc:  
Instrument, printer and dry gas  
calibration all in one convenient  
carrying case

...  
Very simply, there is no better  
source for supplies, service  
and quick answers than Lifeloc  
Technologies, Inc.  
We make it easy.  
...

## PermAffix Labeling System™

Clear Permanent Results and *no hassles with tape*

Lifeloc's exclusive easy-to-use PermAffix Labeling System takes the hassle out of documenting your test results:

- **Self-Adhesive:** PermAffix labels effortlessly fit breath alcohol testing forms and are tamper evident
- **Wireless:** no cables to tie you down or jerk you around
- **Portable:** battery operated and lightweight
- **Permanent:** results don't fade, smear, or disappear and each copy is as clear as the first

## Training and Certification

Lifeloc Technologies offers a national network of Certified Master Trainers who are recognized HR and substance abuse professionals; providing you and your staff the on-site training, advice and certification required to meet your specific needs. To conveniently arrange for training in your area just call Lifeloc at 1.800.722.4872 or email [training@lifeloc.com](mailto:training@lifeloc.com).

To the advanced standard features found on our EV30, the Phoenix 6.0 adds:

- **EasyMode** software
- Lifeloc's exclusive **PermAffix** Labeling System
- **Automatic Altitude Compensation**, facilitates dry gas calibration and cal check utilizing a built-in barometric pressure sensor
- **Bright Graphic Display** makes it easy to read results
- **Plus...** additional advanced features that allow you to customize the instrument to your particular needs

### What is EasyMode?

EasyMode is Lifeloc's proprietary software guiding you step-by-step through DOT testing protocol helping to keep you in compliance and ensure valid test results.

**Automatic Air Blank - Screening Test - 15 Minute Timer - Confirmation Test - Printout and Reminders to contact the DER as well as perform External Calibration Check**
